

EU Type Examination Certificate

This is to certify that:

3M United Kingdom Plc
3M Centre
Cain Road
Bracknell
RG12 8HT
United Kingdom

Holds Certificate Number:

CE 682837

In respect of:

Respiratory protective devices to EN 12941:1998+A2:2008
Powered filtering devices incorporating a helmet or hood
Models: Range based on the 3M™ Versaflo™ M-206/M-207 Faceshields.

on the basis that BSI carried out the relevant Type Examination procedures under the requirements with the Regulation (EU) 2016/425 of the European Parliament and Council relating to Personal Protective Equipment Regulation (PPE) Annex V (Module B) and meets the relevant health and safety requirements specified in Annex II

For and on behalf of BSI, a Notified
Body for the above Regulation
(Notified Body Number 2797):

Denelise L'Ecluse, Managing Director Assurance - Continental
Europe

EU Type Examination Certificate

No. CE 682837

Product Assessments

The product assessments for the respiratory protection were based on BS EN 12941:1998+A2:2008, the English language version of EN 12941:1998+A2:2008, respiratory protective devices - powered filtering devices incorporating a helmet or hood.

The product assessments for the eye and face protection were based on BS EN 166:2002, the English language version of EN 166:2001 - personal eye protection.

The product assessments for the head protection were based on BS EN 812:2012, the English language version of EN 812:2012 – industrial bump caps.

Additional independently Certified characteristics of the systems

Intrinsic Safety (IS)

TR-802E Powered Air Turbo

The TR-802E Powered Air Turbo Unit is an Intrinsically Safe (IS) Unit, consisting of the Turbo Unit and IS Battery Pack.

This configuration has been assessed by UL International Demko A/S and is referenced on ATEX Certificate Number Demko 17 ATEX 1911, assessed as follows:
EN 60079-11:2012, Explosive atmospheres. Equipment protection by intrinsic safety "i".

Dust and Water Ingress Protection

In Use Configuration

BS EN 60529:1992, Degrees of protection provided by enclosures (IP code).

Powered Air Turbo Unit	Protection Code Description	Code
TR-302E+	Dust protected	IP5X
	Protected against spraying water	IPX3
TR-602E and TR-602E-CX	Dust protected	IP5X
	Protected against spraying water in all directions	IPX4
TR-802E	Dust protected	IP5X
	Protected against spraying water in all directions	IPX4

Decontamination configuration

BS EN 60529:1992, Degrees of protection provided by enclosures (IP code).

Powered Air Turbo Unit	Protection Code Description	Code
TR-602E and TR-602E-CX Turbo fitted with cleaning and storage plugs (no Filter or Battery Pack)	Dust tight	IP6X
	Protected against temporary water immersion	IPX7
TR-602E and TR-602E-CX Battery Packs fitted with cleaning cover	Protected against temporary water immersion	IPX7
TR-802E Turbo fitted with cleaning and storage plugs (no Filter or Battery Pack)	Dust tight	IP6X
	Protected against temporary water immersion	IPX7
TR-802E Battery Packs fitted with cleaning cover	Protected against temporary water immersion	IPX7

Electromagnetic Compatibility (EMC)

The Powered Air Turbo Unit also comply with the requirements of the Electromagnetic Compatibility Directive 2014/30/EC.

EU Type Examination Certificate

No. CE 682837

Systems Components

The major components of each system are a 3M Versaflo Headtop with a 3M Breathing Tube and, as standard, a 3M Waist Belt mounted Powered Air Turbo complete with Battery and Filter(s).

Components common to all systems:

Headtop

The Versaflo M-206 and M-207 Headtops comprise of an Industrial Bump Cap type Faceshield with a lift-up Visor/Faceseal section incorporating either a clear coated or clear uncoated Visor. The models are identical except that as standard the M-206 and M-207 are fitted with Comfort and Flame Resistant Faceseals respectively. In use the Faceseals are interchangeable.

Breathing Tubes

Each system can be fitted with the BT-Series Breathing Tubes consisting of the BT-20S (lightweight, short/medium), BT-20L (lightweight, medium/long), BT-30 (self-adjusting) or BT-40 (heavy duty rubber) Breathing Tubes. The Breathing Tubes incorporate a quick release connector which allows easy connection/disconnection to the Headtops.

Connected Sensor Kit Headtop Accessory

The 3M Connected Sensor Kit HTP-1-KIT-CX for M-Series (Visor Sensor) is available for use as a retrofit accessory in M-Series Headtops with Powered Air Turbo Units TR-302E+, TR-602E and TR-602E-CX.

Packaged variants

In addition to the products referenced on this Certificate the standard industrial products may also be sold as market specific packaged variants. Such variants will be differentiated and the Technical File(s) will be updated with the appropriate information.

Kits and packouts

The products referenced on this Certificate may also be combined with other 3M products into a kit or packout. There will be no change to the product but the User Information may vary, in such instances the applicable Technical File(s) will be updated with the appropriate information.

Certificate Amendment Record:

Issue date	Comments	BSI Review No.
August 2018	First issue under PPE Regulation (EU) 425/2016. M-206/M-207 based systems were initially Certified to Article 10 of the PPE Directive 89/686/EEC, BSI issued Certificate CE 682834 refers. Systems incorporating the TR-802E have been introduced.	0086:18:8849482
October 2020	Add Module C2 certificate CE 732641 to Certificate Validity Section.	2797:20:3257090
October 2020	Comments updated in Certificate Amendment Record for October 2020 (for Administrative Description only).	2797:20:3310502
January 2021	Addition of the TR-602E-CX Connected Powered Air Turbo Unit and 3M Connected Sensor Kit HTP-1-KIT-CX	2797:21:3164148
October 2022	Administrative changes to EN 166 claims	2797:22:3582437
August 2023	Administrative changes to remove all reference to Jupiter systems, add BPK-HD and TR-927 Backpacks. Removal of cancelled module C2 CE 732641 certificate from certificate validity	2797:23:3918161
August 2023	5-year certificate renewal under PPE Regulation (EU) 2016/425	2797:23:3964658
May 2024	Addition of new filter, TR-6581E (A2B2E2K1HgP R) for use with TR-602E and TR-802E Powered Air Turbo Units.	2797:24:30162859

Certificate validity

The Certificate holder is responsible for ensuring that the Notified Body is advised of changes to any aspect of the overall processes utilised in the manufacture of the product, failure to do so could invalidate the Certificate in respect of product manufactured following the introduction of such changes.

The validity of the Certificate for the products is also dependent on the maintenance of the EU Conformity to Type Based on Quality Assurance of the Production Process, Annex VIII (Module D), as referenced on BSI issued Certificate CE 595701.
