EU Type Examination Certificate

No. CE 705692

Product Specification

Product Name: 3M™ Particulate Respirators

Product Type: Filtering half masks to protect against particles

Models: 8322
8833

Technical Specification: Harmonized European Standard: EN 149:2001+A1:2009

Product Description: The particulate respirators are designed to protect against solid and non-volatile liquid particles. The masks are held on the face by a pair of elasticated straps. All models incorporate a single exhalation valve. 8322 model is a single shift device (denoted by the classification symbol NR) and 8833 model is re-usable device (denoted by the classification symbol R). Both models include the Clogging option (denoted by the classification symbol D). See Table below for model specific details.

EN 149 Classifications:	Model	Valved	EN 149 Classification
	8322	Yes	FFP2 NR D
	8833	Yes	FFP3 R D

Packaged variants

In addition to the products referenced on this Certificate the standard industrial products may also be sold as market specific packaged variants. Such variants will be differentiated and the Technical File(s) will be updated with the appropriate information.

Kits and packouts

The products referenced on this Certificate may also be combined with other 3M products into a kit or packout. There will be no change to the product but the User Information may vary, in such instances the applicable Technical File(s) will be updated with the appropriate information.
